Product Description

Wrap your iPad Mini in a layer of protection without losing Apple Smart Cover® functionality with the Kensington Protective Back Cover for iPad Mini. The Kensington Protective Back Cover adds a tacky, shock absorbing layer of ultra-thin rubber to the back of your iPad Mini to prevent scratches and damage without adding bulk. Just as important, it makes it easier to keep a secure grip on your iPad Mini. Anyone who has ever dropped his or her smartphone or tablet (yes, that's everyone!) knows the horror of watching your expensive device fall to the ground. With the Kensington Protective Back Cover for iPad Mini you're far less likely to drop your precious iPad in the first place thanks to the tacky tactile rubber surface. Best of all, the Protective Back Cover for iPad Mini adds all of this protection without compromising any of the iPad's sleekness, light weight, or functionality. It won't interfere with any of the ports, controls, touchscreen or the camera.
It also provides more secure contact when sitting on a table or desk, for more stable, safer use in landscape mode. Protect your iPad Mini with the Kensington Protective Back Cover—it protects everything you love about your new iPad Mini, even the Smart Cover.

Features

- Works seamlessly with Apple iPad Mini Smart Cover
- Ultra-thin rubber wraps around back of iPad Mini to provide protection from bumps and scratches
- Provides a secure grip that's easier to hold and carry
- iPad Mini and Smart Cover not included
